DETAILED ACTION

Receipt is acknowledged of the information disclosure statements filed 03/03/03, and 04/25/03. A revocation of power of attorney was filed on 05/06/03. An election was filed on 03/03/03.

Election/Restrictions

Applicant's election with traverse of Group I in Paper No. 13 is acknowledged. The traversal is on the ground(s) that Groups I and II can be examined together with no additional search burden. This is not found persuasive because of the classification of coating techniques, these claims would have to be examined in Class 427 which is handled by another Tech Center. The experts in that area would need to be consulted in examining these claims.

The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Claims 1, 3, 15, 20, and 21 are rejected under 35 U.S.C. 102(b) as being anticipated by EPO'721 .

EPO'721 discloses a polymeric stent coating with an incorporated bioactive.(see abstract).The bioactives include antiproliferative agents such as HMG-CO reductase

Art Unit: 1615

inhibitors (col. 4, lines 49-50). Biodegradable polymers used in the coating are set out at col. 5, lines 36-41. The claims are therefore anticipated by EPO'721.

Claims 2, 4-14, 16-19, 22 and 23 are objected to as dependent upon a rejected base claim.
